|---|-----------------------|-----------------|------------------------|---------------|---------------|
| Intro:<br>G D/G G D/G   | i                     |                 |                        |               |               |
| G   | D/G                   | G               | D/G                    |               |               |
| The last time   | I saw him alive was   | in the fir      | st rays of the morning | light         |               |
| С   | G D/                  | 'G              |                        |               |               |
| breathin' in the F  | February air          |                 |                        |               |               |
| G   | D/G                   | G               | D/G                    | С             |               |
| I watched him   | n break into a run    | then ev         | ery rodeo we ever wo   | n came        | flooding back |
|   | D                     |                 |                        |               |               |
| I grinned from ea   |                       |                 |                        |               |               |
| G   | D/G C                 |                 | С                      |               | D             |
| A horse like that comes along once in a lifetime. When I lost him I lost myself in prayer |                       |                 |                        |               |               |
|   | nin                   | <b>C</b>        |                        |               |               |
|   | ole found a story of  | -               | g God's glory,         |               |               |
| <b>G</b>  | 6.1                   | <b>D</b>        |                        |               |               |
| With the winds t  | to every corner of th | ne earth        |                        |               |               |
| Chorus:   |                       |                 |                        |               |               |
| G   |                       | Emin            |                        |               |               |
| Father tell me if you can, does my horse carry the wind                                   |                       |                 |                        |               |               |
| C D   |                       |                 |                        |               |               |
| Does he fly with angels´wings above the ocean   |                       |                 |                        |               |               |
| G   |                       | Eı              | min                    |               |               |
| When I die will you wash my sins, so I can ride him once again                            |                       |                 |                        |               |               |
| С   |                       |                 | D                      |               |               |
| ´Cause I don´t kn   | now when I've been    | this lost and l | onesome                |               |               |
| С   | D                     |                 | G D/G (                | G D/G         |               |
| Father tell me if   | you can, does         | s my horse car  | ry the wind?           |               |               |
|   |                       |                 |                        |               |               |
| G   |                       |                 | Emin                   |               |               |
|   | ely work the cows,    | then turn       | gentle when there wer  | re kids aroun | d             |
| С   |                       | D               | С                      | D             |               |
| A horse like that just can't stay down forever. Guess he was needed up in heaven          |                       |                 |                        |               |               |
| _   |                       |                 |                        |               |               |
| Chorus<br>Instrumental  |                       |                 |                        |               |               |
